

Get ready for
**10-DIGIT
DIALING**
for local calls

Soon you'll start to
**DIAL THE
AREA CODE**
before local
phone numbers

In July 2020, the FCC adopted an order approving the designation of 988 as the 3-digit dialing code for the National Suicide Prevention Lifeline. To facilitate implementation, area codes across the U.S. where the 988 prefix is a working prefix and which now use 7-digit local dialing must transition to 10-digit local dialing.

From April 1, 2021 to October 31, 2021, local calls by Blue Valley landline phone customers can be made either by using the 7-digit phone number or by using 10-digit dialing (the 785 area code plus the 7-digit phone number). As of November 1, 2021, only 10-digit dialing will work for these local calls.

In addition to changing your dialing routine, you must reprogram 7-digit local numbers to 10-digit numbers if you use speed dial or any other system that automatically makes calls for you.
