

The Federal Communications Commission (FCC) has rules to protect the privacy of information contained in your BVT account. The rules allow us to discuss account information only with the person(s) listed on your account. We must be able to authenticate authorized individuals by asking for a password or by asking a specific question.

We have always treated your account information with confidentiality, please help us to further ensure the protection of your account. **If your account is listed only in your name, you might want to consider adding another name, if appropriate, i.e., a spouse, a roommate, a caretaker, etc.** If you are an individual that relies on someone else to discuss account changes or payments, you will need to have that person's name added to your account. The name does not need to be added to the billing name, but will be added to our records as an authorized person for discussing information and making changes to your account.

**No**, I do not want to add any additional authorized contacts to my account.
